SPK – DZR BRASS FITTINGS

SPK Industries has been supplying brass fittings in New Zealand from the first day SPK Industries Ltd was formed.

Our brass fittings are made from genuine DZR brass and are manufactured by Watermark certified factories. They meet the material requirements of AS3688, comply with the NZ Building Code and carry a 50 year warranty.

The 50 year warranty applies to all DZR brass fittings distributed by SPK Industries Ltd.

SPK Industries Ltd is unable to warrant in any way the following aspects of any brass fitting installation.

- Poor workmanship and or wrong installation practises.
- Against corrosive liquids which may be transported by or stored within the system.
- External causes, where external, physical or chemical qualities produce damage to the fittings, such as, without limitation, unsuitable and hostile environments; used in underground applications without suitable protection.
- Abuse, such as, without limitation, vandalism
- Natural Disasters, such as, without limitation, flooding, windstorm and lightning
- Any other cause beyond the Manufacturer's control.
